Compatibility dependent upon 5G network availability, actual speed may vary depending on network provider and user environment in India. ^Measured diagonally, Galaxy S24 main screen size is 15.64cm/15.23cm with rounded corners and the camera hole. Measured Diagonally, Galaxy S24+ screen size is 16.91cm/16.45cm with rounded corners and the camera hole. Measures Diagonally, Galaxy S24 Ultra screen size is 17.25cm/17.22cm with rounded corners and the camera hole. Actual viewable area is less due to the rounded corners and camera hole. #Actual Battery life may vary depending on network environment, usage patterns and other factors. Individual results may vary. Rated minimum capacity for Galaxy S24, S24+ and S24 Ultra are 3880mAh, 4755mAh and 4855mAh respectively. The battery samples are tested under IEC 61960 standard for Galaxy S24, S24+ and S24 Ultra. Fast charger sold separately. *Storage options and availability may vary by carrier, country or region. ~Actual storage availability may vary depending on pre-installed software.

Galaxy S24 Ultra

1 Galaxy AI* is here

Welcome to the era of mobile AI. With Galaxy S24 Ultra in your hands, you can unleash whole new levels of creativity, productivity and possibility — starting with one of the most important device in your life. Your smartphone.

2 Circle it, find it. Just like that

A new way to search is here with Circle to Search. Stumble upon a photo of a plant so beautiful that you just have to know what it is? Circle it with your S Pen⁺ or finger and ta-da, you'll get Google Search results. Now you can quickly get an answer without leaving your feed[#].

3 Live Translate~ Simpler way to communicate

Now you can get real-time interpretation while you're on the phone. Break down language barriers like never before — even through messaging. Reply back in your own language — it'll get translated on their end too.

4 Summarize Notes in the blink of an AI

Note Assist[^] makes a long story short. Simply start writing, and format it into a clear, easy-to-review summary later. And when you're looking for an old note, the new covers show simple summaries — keeping your screen looking organized.

Images simulated for illustrative purposes. Actual UI may be different. Colours are subject to availability. *Galaxy AI features will be provided for free until the end of 2025 on supported Samsung Galaxy devices. Samsung Account login may be required to use certain Samsung AI features. Samsung does not make any promises, assurances or guarantees as to the accuracy, completeness or reliability of the output provided by AI features. †Live Translate requires a network connection and Samsung Account login. Live Translate is only available on the pre-installed Samsung Phone app. Certain languages may require language pack download. Service availability may vary by language. Accuracy of results is not guaranteed. Users shall rely on translated content at their own risk. ‡S Pen is embedded only in Galaxy S24 Ultra. †Results may vary depending on visual matches. Requires internet connection. Users may need to update Android to the latest version. Product functionality may be dependent on your app and device settings. Some functions may not be compatible with certain apps. Availability of the service varies by country and language. †Note Assist requires a network connection and Samsung Account login. Character limit applies. Service availability may vary by language. Accuracy of results is not guaranteed. Accuracy of results is not guaranteed. Google is trademark of Google LLC.

5 Resize it, Retouch it. Just like that

Something out of place? Just move it in post. New AI-powered editing options let you get the photo you wanted, like relocating objects and intelligently filling in the space they left behind*.

6 Pick the right tone for your text with Chat Assist

Compose text messages with AI at the helm in Chat Assist**. Now you can say what you mean with the voice of a professional, a close friend, even just politely. Go from "how do I say this?" to "why didn't I think of that?" in seconds.

7 Armor up with titanium

Check out the upgrade — a durable shield of titanium built right into the frame~. Corning® Gorilla®^^ Armor helps protect your screen from scratches to keep your device looking beautiful. And don't let water dampen your spirits. Galaxy S24 Ultra is IP68 water and dust resistant^.

8 Built-in S Pen+ writes a whole new chapter

The legacy of Galaxy Note is alive and well. Write, tap and navigate with precision your fingers wish they had on the new, flat display.

9 200MP. Capture details that rival reality

With the most megapixels on a Galaxy smartphone yet and AI processing, Galaxy S24 Ultra sets the industry standard for image quality every time you hit the shutter. What's more, the new ProVisual engine recognizes objects —improving color tone, reducing noise and bringing out detail.

10 Our most powerful Quad Tele zoom yet*

Don't let long distance get you down. Now you can get 2x, 3x, 5x and even 10x close-ups with optical or optical quality zoom**. Plus, the new, powerful Tele OIS~ is wider* than before to stabilize the shot for less zoom-in blur.

11 ProVisual engine shoots every night in clear detail*

Space Zoom puts you in the middle of the action, even at night. With 1.6x larger pixels* and a wider Tele OIS~, photos and videos are brighter and more stable — making even distant subjects clearly stunning#.

Image simulated for illustrative purposes. *Compared to Galaxy S23 Ultra. **3x and 5x distances are optical zoom. 2x and 10x distances are optical quality zoom. 2x zoom must be enabled in the Camera Assistant app settings. Camera Assistant can be downloaded from the Galaxy Store. ~OIS meant Optical Image Stabilization. #AI Zoom is applied to distances between digital zoom lengths. Accuracy of results is not guaranteed. Results may vary depending on light condition and/or shooting conditions including multiple subjects, being out of focus or moving subjects.

12 Our most hyper-realistic mobile gameplay yet

Victory can be yours with Snapdragon® 8 Gen 3* for Galaxy. Faster processing gives you the power you need for all the gameplay you want. Manifest hyper-realistic shadows and reflections with ray tracing. Then get improved performance and heat dissipation with a Vapor Chamber nearly doubled in size**.

13 2600 nits display. Our brightest adaptive mobile display under the sun

Our most immersive display comes with some major visibility upgrades. Corning® Gorilla®^^ Armor reduces reflections and improves visual clarity, even in direct sunlight. Then, an improved Vision Booster enhances contrast and color for a clearly exceptional experience~.

14 All-day battery~~ to play on and on#

With massive capacity and greater energy efficiency, Ultra's battery gives you extra life when it matters most — you know, like the epic boss battle you've been gearing up for^.

Image simulated for representational purposes. Actual UI/UX may differ. *Snapdragon is a trademark/registered trademark of Qualcomm Technologies, Inc. and/or its affiliated companies. **Vapor Chamber installed on Galaxy S24 Ultra is 92% larger than that of Galaxy S23 Ultra. AP performance improvements shown compared to Galaxy S23 Ultra. Actual performance will depend on user environment, conditions and pre-installed software and applications. ^^Corning and Gorilla are trademarks/registered trademarks of Corning Incorporated. ~The Dynamic AMOLED 2X display on Galaxy S24 Ultra received a certification from VDE Germany for 100 percent Mobile Color Volume in the DCI-P3 color range, which means your images aren't washed out and you'll get unbelievably vivid colors regardless of differing levels of brightness. The display can achieve peak brightness of up to 2600 nits, improving the contrast between dark and light aspects of digital content for a more brilliant picture quality, with a 5,000,000:1 contrast ratio to make your mobile experience more immersive. ~Individual results may vary. ^Compared to Galaxy S23 Ultra ~Typical value tested under third-party laboratory condition. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Actual battery life varies by network environment, features and apps used, frequency of calls and messages, the number of times charged, and many other factors. Estimated against the average usage profile compiled by UX Connect Research. Independently assessed by UX Connect research between 2023.11.25-2023.12.15 in US and UK with pre-release versions of SM-S921, SM-S926 and SM-S928 under default setting using LTE and 5G Sub6 networks. NOT tested under 5G mmWave network.

Galaxy S24 | S24+

1 Circle it, find it. Just like that

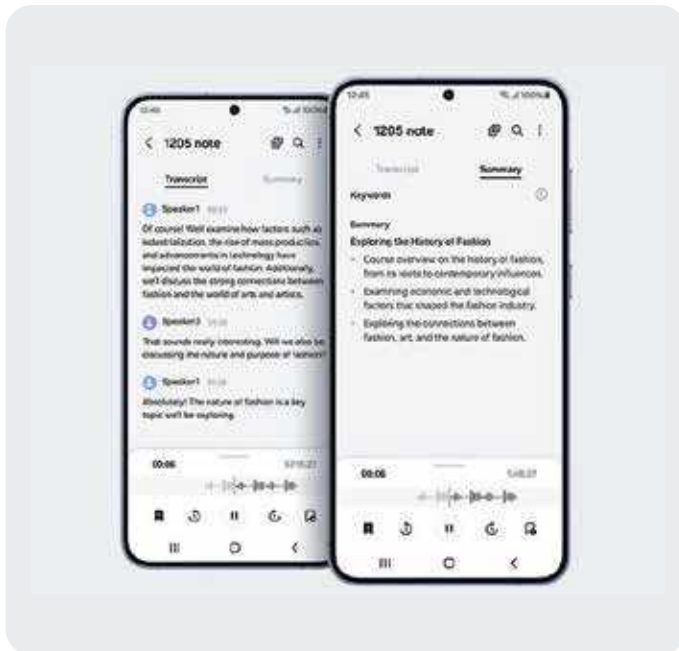

Search like never before with Circle to Search. Simply trace an object to get Google¹ Search results. It's a new visual way to find what you're looking for**.

2 Live Translate*. Simpler way to communicate

Get quick language translation on your next phone call. That's right, AI helps you communicate outside your own language while you talk on the phone. And get this, it even works on messaging.

3 AI can summarize your voice recordings~

Ready for your own personal assistant? Record your voice and AI will jot it down convert it into text, then intelligently summarize it. It even does language translations.

4 Resize it, Retouch it. Just like that

Unlock the magic of AI-powered photo editing. Now you can effortlessly perfect your photos, ensuring every image shines. But that's not all, even if you couldn't capture the shot you wanted, Generative Edit[#] can fill in backgrounds and make unwanted objects poof disappear.

Image simulated for representational purposes. Actual UI/UX may differ. *Live Translate requires a network connection and Samsung Account login. Live Translate is only available on the pre-installed Samsung Phone app. Certain languages may require language pack download. Service availability may vary by language. Accuracy of results is not guaranteed. Translating feature in Chat Assist may require Samsung Account login. Some chat applications may not support this feature. Certain languages may require language pack download. Service availability may vary by language. This feature is activated when a translatable language is detected. Accuracy of results is not guaranteed. Users shall rely on translated content at their own risk. ¹Google is a trademark/registered trademark of Google LLC. **Results may vary depending on visual matches. Requires internet connection. Users may need to update Android to the latest version. Product functionality may be dependent on your app and device settings. Some functions may not be compatible with certain apps. Availability of the service varies by country and language. Accuracy of results is not guaranteed. ~Transcript Assist requires a network connection and Samsung Account login. Transcript Assist is only available on the pre-installed Samsung Voice Recorder app or files recorded using the pre-installed Samsung Phone app. Voice recording feature in the pre-installed Samsung Phone app may not be supported in some countries. Audio files must be under 3 hours in duration to be processed. Summarizing feature in Transcript Assist can be activated when a certain number of characters is met. Service availability may vary by language. Accuracy of results is not guaranteed. [#]Generative Edit requires a network connection and Samsung Account login. Editing with Generative Edit results in a resized photo up to 12MP. A visible watermark is overlaid on the image output upon saving in order to indicate that the image is generated by AI. The accuracy and reliability of the generated output is not guaranteed. Image may be distorted.

5 Big, bigger and faster*

They're the upgrades you've waited for. More screen. More battery. More processing power. There's so much more to love about Galaxy S24 and S24+. Especially now that Galaxy S24+ comes with the highest screen resolution on a Galaxy device: QHD+**.

6 Get the details on Camera~

Whether you're taking a super sweet selfie, shooting wide angle pics or zooming in, these cameras will help ensure you leave with a pixel-perfect shot.

7 50MP. Mega Pixels

A true pixel powerhouse that will not disappoint. Ever. Snap high-res pics for that will no doubt withstand the test of time for years to come.

8 Shoot far. Even in the dark

Capture bright, colorful, clear photos, even in the dark with AI ISP. Finally, the portraits you've been dreaming of. Zoom in 2x, or even 3x — it doesn't really matter. Each distance can be as clear as day even though it's technically night#.

9 Get closer with every pinch*

Just keep pinching. Go from 1x to 2x or even 3x+. AI Zoom keeps pictures high-quality: crisp, clear and super sharp — without losing much detail**.

10 Stronger Vapor Chamber. Game on

This new and improved heat dissipation system helps you keep gaming at optimal performance. Our latest Vapor Chamber is bigger than before~, with an integrated liquid-type thermal interface material.

11 Our brightest adaptive mobile display under the sun

Level up your game with these two massive screens. With increased display size and ultra-slim bezels, Galaxy S24's 15.64cm FHD+ display# and Galaxy S24+'s 16.91cm QHD+ display offer more screen real estate than ever before. Plus, enjoy optimal color and contrast with Vision Booster on both displays^.

Image simulated for representational purposes. Actual UI/UX may differ. *30X Space Zoom includes 3x optical zoom and 30x digital zoom with Super Resolution technology. Zoom distances past 3x zoom may express some image deterioration. ^2x zoom must be enabled in the Camera Assistant app settings. Camera Assistant can be downloaded from the Galaxy Store. **AI Zoom is applied to distances between digital zoom lengths. Accuracy of results is not guaranteed. ~Compared to Galaxy S23 and S23+ ^Measured diagonally, Galaxy S24's screen size is 15.64cm in the full rectangle and 15.23cm accounting for the rounded corners and Galaxy S24+'s screen size is 16.91cm in the full rectangle and 16.45cm accounting for the rounded corners; actual viewable area is less due to the rounded corners and camera hole. ^The Dynamic AMOLED 2X display on Galaxy S24 and S24+ received a certification from VDE Germany for 100 percent Mobile Color Volume in the DCI-P3 color range, which means your images aren't washed out and you'll get unbelievably vivid colors regardless of differing levels of brightness. The display can achieve peak brightness of up to 2600 nits, improving the contrast between dark and light aspects of digital content for a more brilliant picture quality, with a 5,000,000:1 contrast ratio to make your mobile experience more immersive.

Fast Charger sold separately. *Actual internal storage may vary.

Galaxy S23 Ultra

1 Designed with the planet in mind

The use of conscious materials makes this our most eco-conscious smartphone ever*. Recycled glass and PET film accent the phone's exterior, and box made from recycled paper makes it planet-loving from the moments it hits your hand.

2 Shades of nature

Slip into something a little more special. Fresh new colors~ inspired by nature are turned into natural dyes and infused into the polished metal frame.

3 The powerful S Pen

Take quick notes, doodle, or simply do all the things your fingers can't. Experience the S Pen in its new powerful avatar that comes with better latency[†], and one that cares about the environment too.

4 Capture all things epic

A whole new level of epic is here. With a high-resolution Pro-grade Camera in the Galaxy S23 Ultra, epic clicks are not far away.

5 Low light. Camera. Action.

Take crisp photos and videos, from dusk until dawn. *Galaxy's most advanced camera sensor and fastest processor accommodate low light and reduce noise. And even the camera lens clears up the capture by toning down flare.

6 Capture the details with Portrait Mode

Depth & dimension is where the Pro-grade Camera delivers. Gently blur the background to put yourself in focus and let the details shine.

7 Hit record, even at night

Capturing videos at night will never be this clear, smooth and packed with details. *Shoot them in the Galaxy's most stable video in low light with 2X wider OIS and noise-reducing tech keeping your scenes cinematic.

8 Bring the stars to your palm

Transform a starry night into a work of art. Simply record the skies using the Astro Hyperlapse mode on your Galaxy S23 Ultra and see the magic of the night unfurl on your mobile screen.

9 Highest resolution ever

Nearly double the resolution of what we had, welcome the 200 MP Wide-angle Camera. The highest resolution ever in a Galaxy S series smartphone camera. The highest level of epic.

10 Experience raw power

^Switch into Expert RAW to finesse in greater detail. Snap in 50 MP for detailed, dynamic frames, or expand your repertoire with astrophoto, multiple exposure and other exposure features.

11 Data transfer was never this seamless

Bought the all-new Galaxy S23 Series? Want to transfer data from your old phone? It's easy. Simply download Smart Switch app[~]. It gives you the freedom to move your contacts, music, photos, calendar, and all that you need on your new Galaxy. Be it an android* or an iOS** user.

12 Multi-control for your multitasking needs

When ideas are flowing, team up your new Galaxy S23 Ultra and Windows based[#] PC for a 2-in-1 experience. Without switching your mouse, keyboard, or touchpad, you can work on both your devices for your most efficient screen-time yet.

13 Your Galaxy, your way

Now it's easier than ever to set-up your new Galaxy the way you want to. The Advanced[^] One UI 5 maximizes customization, allowing you to pick almost every detail, from lock screens and themes to widgets and notifications.

Image simulated for representational purpose only. [~]Data transferring via Smart Switch requires all devices to install the Smart Switch app. Some contents, data or download apps may not transfer via this process. The amount of time required may vary depending on the data and your connection's strength. *Android is a trademark/registered trademark of Google LLC. Wireless transfer - Android 4.0 or higher, Wired - Android 4.3 or higher. **iOS is a trademark/registered trademark of Apple Inc. Galaxy S23 | S23+

1 Slays, for the planet

^Recycled materials get a new life in the epically beautiful Galaxy S23 & S23+. Buy yourself one and contribute towards the goal of being eco-conscious.

2 Down to earth tones

Become a trendsetter. Get yourself a color* to match, while keeping our planet in mind. Crafted with natural dyes, you can get yourself fresh, new shades which are elegant and elevated, yet completely down to earth.

3 Night Selfie

The Front Camera's Dual Pixel technology focuses faster and more accurately, even in low light. Object-based AI delivers authentic color for selfies that rival in real life.

4 Night Selfie Video

It's not just stills that dominate the dark, you're getting pin sharp night videos, too. Now, even the Front Camera has the skills to clearly capture clips of you and your friends after the sun sets.

5 Epic resolution

The 50 MP Wide-angle Camera works hand-in-hand with a powerful chip, rapidly combining frames to extract bits from each into a single hi-res photo. Add in Detail Enhancer technology and you've got quality so sharp, you'll keep zooming in for more.

6 More light for your night

Get ready for your Gallery to be filled with epic night shots. The ones that will capture details like never before. The ones, your friends will keep asking for.

7 Bring the stars to your screen

Stargaze every time of the day! Capture the bright side of the night with *Expert RAW on your Galaxy S23 & S23+ and **snap constellations in breathtaking clarity.

8 From flops to hits

Turn your misfires into epic masterpieces! Head to your gallery and sharpen up your old photos or fuzzy GIFs while keeping your loops looking fresh.

9 More power to you

When does gaming go from great to epic? When you have the most powerful chip on a Galaxy smartphone- The Snapdragon 8 Gen 2* processor. Time to experience 'fast', the way fast is meant to be.

10 Stay epic for longer

Calling it a night? Don't. Binge watch your favorite shows, scroll through your social feed or game all night; your battery will just not run-out. If it does, we always have **fast-charging.

11 The display, on display

Mesmerizing now comes naturally for the FHD+ dynamic AMOLED with adaptive vision booster 1750 nits. So now, you can expect a brighter display#, no matter what time of the day and what kind of light.

Galaxy S22 Ultra

1 An epic standard for premium design

A Note-worthy new look

The first slim and bold Galaxy S with the power of Note – A built-in S Pen to break the rules of creation. Experience the ultimate tool of creativity at your fingertips.

2 Trendy, but timeless colors

A collection of bold and sleek tones that showcase true premium design.

3 Brightest display*

The Dynamic AMOLED 2X Display with Vision Booster 1750 nits. 120Hz adaptive refresh rate keeps things smooth.

4 Most durable Galaxy^

Built to stand up to drips as well as drops

The first smartphone to feature Corning® Gorilla® Glass Victus®+, with Armor Aluminum – Our strongest aluminum frame, and IP68 water resistance.

Image simulated for representational purpose only. Color availability may vary depending on country or carrier. S Pen embedded only in S22 Ultra. Galaxy S22 Ultra and S Pen are rated as IP68. Based on test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach or pool use. *Ultimate outdoor visibility with 1,750 nits of maximum brightness in Galaxy S Series. ^Compared with S21 Series. Corning, Gorilla and Glass Victus are trademark/registered trademark of Corning Incorporation.

5 Break the rules of power

The fastest chip ever on a Galaxy

The 4nm chip works its world-class power into every aspect — resulting in epic photos from day to night and an optimized mobile gaming experience.

 **Super Fast Charging**
Full speed ahead. Get a super-fast charge that outlasts the day when you plug into the 45W Power Adapter.*

 **Wireless PowerShare**
With all that battery power, there's plenty to spare. Give your friend a boost, or wirelessly charge your earbuds on the go.*

Go all-day and supercharge your night

Enhanced AI takes 5000mAh (typical) of power from one day into the next, intelligently adapting to the way you use your phone.*

6 Get the big picture

Most advanced pro-grade camera yet

Massive pixel sensors and shape-shifting pixels, focused on cinematic video.

7 Break the rules of light*

Light up the night in vivid color. Our largest pixel sensor, super clear glass and lens reduce noise and tone down lens flare, leaving other cameras in the dark.

Videos at night

The auto frame-rate detects lighting and shifts to an optimal fps speed for epic low-light videos.

Portraits at night

AI brilliance brings light to dark photos on both, the 108MP Wide-angle Camera and the 40MP Selfie Camera.

8 Smooth video

Ready. Steady. Action!

Corrects shake at a 58% wider angle.[^] Super HDR adjusts shots for epic details.

9 Expert RAW

A pro studio in your pocket

Get the Expert RAW app for full control over your shots, saving raw files directly.

100x Zoom. 100% Epic.

The Dual Tele Zoom system switches from 3x to 10x as you zoom in. The double folded lens and AI-enhanced Super Resolution keeps going until you're 100x closer to the action.

Camera Excellence - Innovation that's worth a shot (and more)

Auto Framing

Your video stays centered and in focus, even when you move around or people go in and out of frame. You can even tap the screen to lock on a subject.

Director's View

Utilize the full quad camera system, recording from multiple angles and the Selfie and Rear Cameras, all at once. Then enjoy your feature film, or save the originals for a director's cut.

Single Take

Tap the shutter to record up to 20 seconds of action, then wait as the Gallery populates multiple formats - like stills, loops, hyperlapse video and more - for you to choose from.

AI Edit

Intelligent additions to the Gallery let you edit photos like a pro. Object Eraser cuts things out of the photo without cropping and Photo Remaster gives you the power to retouch with ease.

Selfie

You'll need a good headshot for the debut of your new movie, shot entirely on Galaxy S22 Ultra. Take it yourself with the upgraded Selfie Camera.

Galaxy S22 | S22+

1 Galaxy signature design

Sleek design with a slim bezel and symmetric side metal frame gives a premium look.

2 Throwing shade at conventional colors

A range of chic colors, letting trendsetters express themselves how they like.

3 Epic pro-grade camera

Triple Rear and Selfie Camera have innovative hardware and software so one can easily shoot share-worthy photos.

4 Make nights epic

The big pixel sensor and super clear glass pulls in light and dials down lens flare to make night time photos and videos as clear as day.

5 Biggest leap in video tech

Auto frame-rate & Super Night Solution gives high-quality footage in the sun, or under the stars.

6 Put portraits in a new light

Revolutionary upgrades to the Rear and Selfie Camera give all kinds of epic low-light portraits.

7 Faster. Stronger. For longer.

The fastest chip ever on a Galaxy*
The 4nm processor facilitates for the smoothest phone experience ever.

Go out for the night without plugging in
The battery** intelligently adapts to your phone usage, so it lasts upto 24hrs.

8 Durability# - A tough act to follow

Worry less with Corning® Gorilla® Glass Victus®+ on the screen and back panels, a strong protective Armor Aluminum frame and IP68 water resistance.

9 Epic connectivity

Group call goals!
Hang with friends via Google Duo.^
Stream high-quality videos. Call your buds and cast it onto your TV.

Enjoy your worlds in epic harmony
Connect your phone to other Samsung
Tabs, Buds, Watch, etc. with ease.

10 Camera excellence

More ways to go pro

Smooth Video

The IOS correction angle lets you record blurless, stable videos that stay smooth even as you bust a move. Super HDR captures it with 64x more color information, even if the scene is backlit.

High Resolution

Adaptive Pixel shifts pixels to suit lighting and Detail Enhancer intelligently enhances your shots by adjusting shadows & highlights.

Object Eraser

Manually remove people/objects from the background of your snaps, leaving behind only what you want in the frame.

Space Zoom*

Zoom in 3x, 30x or anywhere in between — it all delivers sharp detail from a distance.

Auto Framing

Whether you move around, or people come in and out of the frame, the camera will stay auto-focused and centered for an upload-ready video.

Director's View

Record on all cameras at the same time, capturing action and your reaction simultaneously. Change up the angle for a new POV, and save the originals for a director's cut later.

Single Take

Options? You got 'em. Capture up to 20 seconds of footage, then the Gallery populates a whole range of formats — stills, loops, hyperlapse video and more.

Image simulated for representational purpose only. *Optical Image Stabilization *Measured diagonally, the cover screen size is 15.73cm in a full rectangle and 15.48cm accounting for the rounded corners. The actual viewable area is smaller due to the rounded corners and camera hole. **Measured diagonally, Galaxy Z Fold5 main screen size is 19.21cm in the full rectangle and 18.86cm accounting for the rounded corners; actual viewable area is less due to the rounded corners. ^^Actual internal storage may vary. #Snapdragon is a trademark/registered trademark of Qualcomm Technologies, Inc. and/or its subsidiaries. ~Typical value tested under third-party laboratory condition. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Rated minimum capacity is 4270mAh for Galaxy Z Fold5. Actual battery life may vary depending on network environment, usage patterns and other factors, individual results may vary. S Pen Fold Edition sold separately. S Pen Fold Edition is only compatible with Galaxy Z Fold 5, Galaxy Z Fold4 and Galaxy Z Fold3. Model and colour availability may vary by country.

Galaxy Z Fold5

1 Our lightest, most compact Galaxy Z Fold yet^

Galaxy Z Fold5 lives up to its name by folding closed, making a massive screen implausibly pocketable. Open it up, fold it shut or flex to the perfect angle. The redesigned Flex Hinge is a technical marvel that bends to your will.

2 The ultimate display

Unfold a stunning, immersive screen* — reimagined to bring you gaming like never before, cinematic viewing wherever you are and PC-style productivity — all on a tablet-sized device.

3 Enjoy all day

With a massive 4400mAh (typical) dual battery** system, you can listen to music for up to 73 hours straight or watch your shows for up to 21 hours#.

Image simulated for representational purpose only. ^Compared to previous Galaxy Z Fold models. *Measured diagonally, Galaxy Z Fold5's main screen size is 19.21cm in the full rectangle and 18.86cm accounting for the rounded corners; actual viewable area is less due to the rounded corners. Measured diagonally, Galaxy Z Fold5's cover screen size is 15.73cm in the full rectangle and 15.48cm accounting for the rounded corners; actual viewable area is smaller due to the rounded corners and camera hole. **Actual battery life varies by network environment, features and apps used, frequency of calls and messages, the number of times charged, and many other factors. Estimated against the average usage profile compiled by UX Connect Research. Typical value tested under third-party laboratory condition. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Rated minimum capacity is 4270mAh for Galaxy Z Fold5, actual battery life may vary depending on network environment, usage patterns and other factors. #Based on Samsung internal lab test conditions with pre-release version of given model connected to earphone via Bluetooth under default settings over LTE. Estimated against battery capacity and measured current over battery power consumption during video playback (video file resolution 720p, saved on device) and audio playback (mp3 file, 192kbps, saved on device with LCD display turned off), respectively. Actual video and audio playback times vary by network connection, settings, file format, screen brightness, battery condition and many other factors. Individual results may vary.

4 Powerful gaming with the fastest Snapdragon on a Galaxy Z Fold yet#

Power your road to victory with the upgraded hardware and software of Snapdragon 8 Gen 2* Mobile Platform for Galaxy. This high-performance** processor fuels champion-level gameplay with CPU performance improved by 18%, GPU by 32% and NPU by 25%.

5 Multi Window. Your multitasking secret weapon

The most advanced multitasking[^] experience on a Samsung Galaxy smartphone yet lets you keep three windows open at once, so you can stream, shop, browse and play more. The task bar holds up to twelve apps for effortless navigation. Add S Pen[™] to your task-blasting toolkit for even more efficiency.

Image simulated for illustrative purposes. Actual UI may be different. *Snapdragon is a trademark/registered trademark of Qualcomm Technologies, Inc. and/or its subsidiaries. #Compared to previous Galaxy Z Fold models. **Performance improvements shown compared to Galaxy Z Fold4. Actual performance will depend on user environment, conditions and pre-installed software and applications. ^Certain applications may not support Multi Active Window or App Pair. Taskbar feature supported on the main screen only. [™]S Pen Fold Edition sold separately. S Pen Fold Edition is only compatible with Galaxy Z Fold5, Galaxy Z Fold4 and Galaxy Z Fold3. Model and colour availability may vary by country.

6 Standout cameras. Cover to cover

An advanced camera system, paired with this unique two-display form factor, turns your phone into a mobile studio complete with 30x Space Zoom* And with Dual Preview** you can show your subject exactly what you're seeing in the preview. This way, they can pose and fix their hair to look their best.

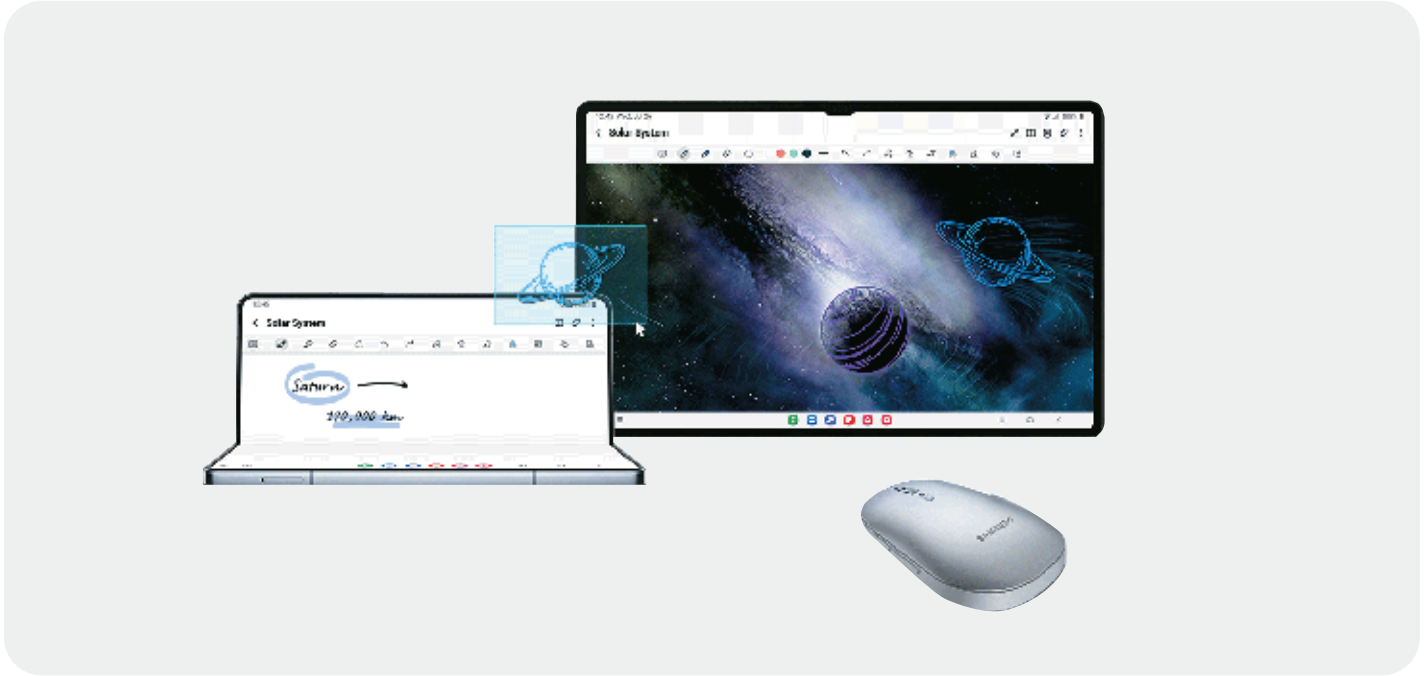

7 Premium and tough inside out

The Armor Aluminum in the frame^ protects the body from damage while the new, dual rail Flex Hinge provides a strong fold-all sealed tight with top-of-the-line water resistance^^.

Image simulated for illustrative purposes. Actual UI may be different. *30x Space Zoom includes 3x optical zoom and 30x digital zoom with AI Super Resolution technology. Zooming in past 3x may cause some image deterioration. **Dual Preview supported on the native camera app on devices running One UI 2.1 and above. ^Frame does not include volume and side keys or SIM tray. ^^Galaxy Z Fold5 is rated as IPX8. Based on lab test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach or pool use. Water resistance of device is not permanent and may diminish over time because of normal wear and tear. IPX8 rating is not dust-resistant.

8 Control more screens at once with Multi Control

Enjoy seamless device collaboration. Multi Control* lets you use a keyboard and mouse across devices** like your Galaxy Z Fold5 and Galaxy Tab S9 Ultra^ making it easy to copy and paste or drag and drop. Your tablet can even double as a second screen, to make your portable workspace even more efficient.

9 Smart Switch^^

Safe and secure. Take your photos, apps and messages with you when you switch to your new Galaxy device.

Image simulated for illustrative purposes. Actual UI may be different. *Multi Control is available only on select Galaxy smartphones with One UI 5.1 or above, Galaxy Tab devices with One UI 5.1.1 or above and Galaxy Book devices launched in 2021 or later with either Samsung Settings v1.5 (Intel) or Samsung Settings v3.3 (ARM). **Some function availability may vary by device model. Some Multi Control actions may be unavailable in certain apps. Samsung account login required. ^Galaxy Tab S9 Ultra and Bluetooth Mouse Slim sold separately. ^^Wired transfers require at least Android™ 4.3. If you do not have the required USB cable/connector for a wired transfer to Galaxy, you can also use wireless transfer options. iOS 5 or older Android OS must use wireless transfer options. Open Smart Switch Mobile in "Settings" on your new Galaxy phone or download Smart Switch Mobile app from Galaxy Store. Data and content available for transfer may vary by OS. The data of the Galaxy device is backed up and restored to the storage device. Use PC backup through Smart Switch PC or SD card backup function of Smart Switch Mobile.

Image simulated for representational purposes only. *Measured diagonally, Galaxy Z Flip5 main screen size is 17.03cm in the full rectangle and 16.64cm accounting for the rounded corners, actual viewable area is less due to rounded corners and camera hole. **Measured diagonally, Galaxy Z Flip's Flex Window size is 8.61cm in full rectangular form but the actual viewable area is approximately 95% of the full rectangle area due to the rounded corner and lower cutout. ^Actual internal storage may vary. #Typical value tested under third-party laboratory condition. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Rated minimum capacity is 3591mAh for Galaxy Z Flip5. Actual battery life may vary depending on network environment, usage patterns and other factors. Individual results may vary. ##Snapdragon is a trademark/registered trademark of Qualcomm Technologies, Inc. and/or its subsidiaries. Colors as per availability.

The most pocketable self-expression tool

1 Flaunt your flip side

Your phone defines who you are. It's an extension of your persona. Whether it's capturing selfies from edgy angles or choosing a zesty wallpaper for your cover screen, express yourself in the most unique way on the flip side.

2 One size fits all pockets

Our most compact^ Galaxy Z Flip yet folds down tight to slide as easily into your pocket as it does into your hands.

3 Yours naturally

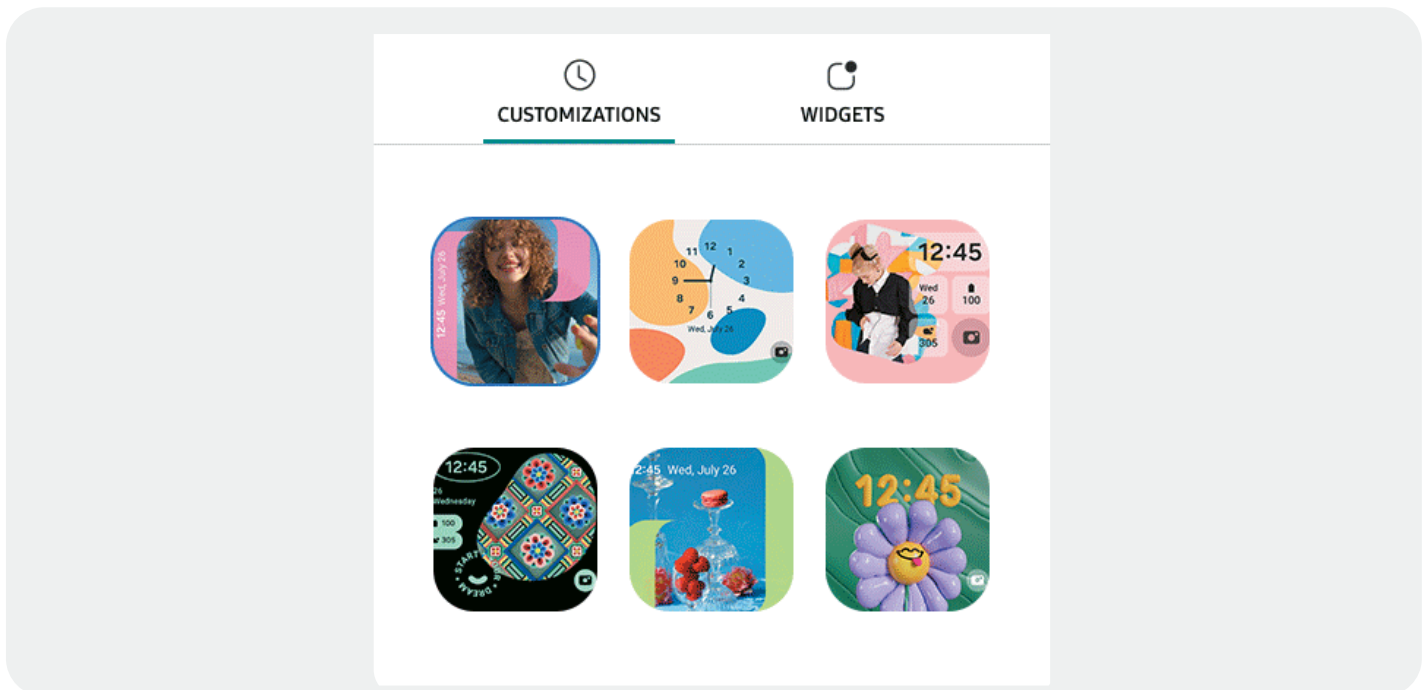

Find your vibe with Galaxy Z Flip5, which now comes in futuristic color* scheme inspired by the natural world.

4 FlexCam Selfies. Even when closed

The new attractive 8.61cm cover screen*, the Flex Window on the Galaxy Z Flip5, is not only eye-catching and attractive but also enables you to unleash your creative powers.

5 Personalize your flip side

From video wallpapers to clock faces to having multiple widgets for your convenience, you can now customize to your heart's content. The Flex Window also lets you make calls, reply to messages or even play your fave songs in just a tap.

Image simulated for representational purpose only. Actual UI may be different. Color as per availability. *Measured diagonally, Galaxy Flip's Flex Window size is 8.61cm in full rectangular form but the actual viewable area is approximately 95% of the full rectangle area due to the rounded corners and lower cutout.

6 Hands-free selfies. Courtesy of FlexCam

With a larger cover screen[^] and ultra wide angles to play with, now your selfies can include all your buddies in one frame!

7 Keeps your data protected

The Galaxy Z Flip5 is a complete showstopper when clicking pics with your friends. With the Dual Preview, they see what you see, helping them to pose better.

8 Designed with the planet in mind

We're committed to creating a cleaner future by taking recycled* measures. Making products that favor the environment.

Image simulated for representational purpose only. Actual UI may be different. Flex mode supported at angles between 75° and 115°. Color as per availability. [^]Compared to previous Galaxy Z Flip models. *The back glass deco film of the Z Flip5 contains 80% recycled PET. The sub window and back glass of the Z Flip5 contains 22% recycled glass. The display connector cap of the Z Flip5 contains 20% recycled ocean-bound plastic. The above measurements are based on weight.

9 Start your fitness journey

From taking gym selfies to checking your workout performance to finding where your phone is. Link your Galaxy Z Flip5 up with a Galaxy Watch6* series device and enjoy a smooth, seamless experience.

10 Transfer data in a breeze

Meet the safe and secure way to move what you loved from your old device to your new Galaxy Z Flip5.

1 Stands out. Stands up. Unfolds

Not your usual flex

Folded, the 15.82cm* screen with its eye-catching design, impresses.

Unfolded, 19.19cm** expansive Infinity Flex Display, stuns.

2 Unfold a new way to watch

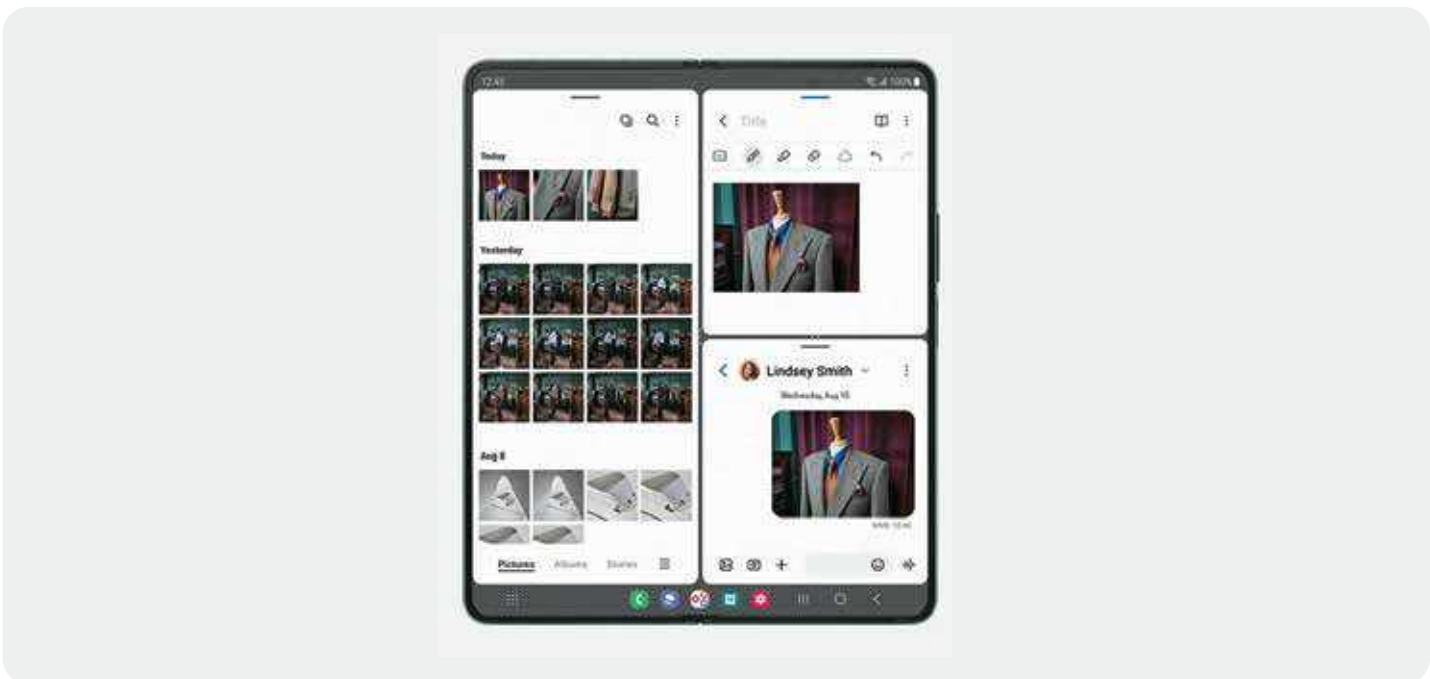

Immersive viewing

Experience the breathtaking Infinity Flex Display without disruptions. The pushed-back bezels plus an even more camouflaged under-display camera offers more screen.

Just like a PC

Whether toggling between texts or catching up on emails, the expansive main screen with Multi View* offers it all. PC-like power in your pocket transforms apps optimised with One UI to give you menus and more in just a glance.

The secret weapon

Get PC-like power in your pocket, in just one tap - launch up to three apps with App Pair#. Quickly navigate between windows, by adding as many apps to the taskbar.

Precise strokes

Never miss an inspirational stroke of genius again, take handwritten notes while you take a video call or sketch a new grand design with S Pen*

Impressive immersion

The pushed-back bezels plus a camouflaged under-display camera, offers more screen and a breathtaking Infinity Flex Display.

A smoother experience

Swipe through newsfeed or glide through games with the refreshingly responsive 120Hz display.

Weather-proof

Rain or shine, you don't have to sweat the forecast when you've got the world's one and only water-resistant foldable smartphone.

Don't brace for impact

From the inside-out, Galaxy Z Fold4 is made with materials that are not only good-looking but also extremely durable.

Corning® Gorilla® Glass Victus™+**

The front and rear panels are made to resist any and every scratch and scrape.

Armor Aluminium

The phone and its hinge are reinforced with our tough Aluminium frame, which acts as a suit of armour.

Ultra Thin Glass^^

The foldable and limber screen is built to last. So, you don't fret the everyday wear and tear.

Galaxy Z Fold4 is rated as IPX8 is based on test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach or pool use. Not dust-resistant.
^^Hinge guaranteed to last up to 200,000 times of folding and unfolding (as certified by Bureau Veritas). **Corning, Gorilla and Glass Victus are trademarks/ registered trademarks of Corning Inc.

6 Unfold amazing photos

Change the way you capture or call with multiple cameras and experience the hands-free freedom of the flex mode.

Selfie

The Rear and Cover Cameras give you gram-worthy selfies.

Night mode

Day or night, a powerful processor and Flex mode gives an intelligent boost of color and clarity to every shot without any extra equipment.

Director's View

Record moments from multiple angles and cameras - including Cover and Rear at the same time.

The ultimate smartphone for self-expression

Image simulated and for representational purposes only.

1 Style and function that fits in your pocket

Yours, neutrally.

What's trending? You are. The classy pastel shades with matte finish, perfectly complement the glossy metal frame.

A compact statement

A pocket-sized statement, that's small but mighty.

Display your mood*

A customisable 4.82cm Cover Screen, doesn't just offer more ease, information and control but also doubles as a canvas, that you can change up according to your moods, weather, outfits and more.

Durable immersion^^

The 17.03cm Infinity Flex Display offers an immersive view and the advanced durability of Ultra Thin Glass^{##} stays strong for over 200,000 folds.

2 Multi-dimensional perspectives

Versatile angles

Stand up, stand down or stand however you want but stand out. Break through the clutter of more than a million selfies with multi-angle capture, capture selfies at angles as versatile as you.

Step back and step it up

Unhand the phone, because you can. A camera that offers ease like no other, click or record – Flex** is a must, but hands optional.

Spontaneous clicks?

Use the rear camera to instantly capture fleeting moments or just click with an added advantage of real-time preview to get the best shot, the first time.

Enough light for a dark night[#]

Nights get brighter, with Nightography in the rear camera. From dusk to dawn and beyond, details will stay clear even after dark.

2 Flaunt the Flex

Flaunt the bending screen and experience hands-free video calling with Flex Mode**. Unfold your angle of choice and watch the Main Screen transform, complete with a touchpad.

Hands-free video calling

No need to juggle anymore when co-watching content or making video calls, because you can free your hands and place the Galaxy Z Flip4 in Flex Mode, instead.

Multi-view

The usual single-app view is so passé, make way for Multi-View with the Galaxy Z Flip4. Toggle between two apps as and when you need with just a simple gesture.

Super-power#

Long-lasting battery to power through the hours and when required, Super Fast Charging or Fast Wireless Charging comes to your rescue.

Image simulated and for representational purposes only. Colours as per the availability. **Flex mode supported at angles between 75° and 115°. Compared to previous Galaxy Z Flip models. *Typical value tested under third-party laboratory condition. Actual battery life may vary depending on network environment, usage patterns and other factors. the battery samples tested under IEC 61960 standard. Rated (minimum) capacity is 3700mAh. From 0% up to 50% charge in around 30 minutes with 25W Adapter (sold separately). Limited to wireless charge compatible (Qi standard) devices only. If battery power is lower than 30% Wireless PowerShare may not function. May not work with certain accessories, over other brand devices or some Samsung wearables. May affect call reception or data services, depending on your network environment.

4 Flippin' tough

Galaxy Z Flip4 is an IPX8* protected, water-resistant and scratch-defying foldable smartphone, with Corning® Gorilla® Glass Victus®+ and Armor Aluminium.

Corning® Gorilla® Glass Victus™+[#]

The front and rear panels are made to resist any and every scratch and scrape.

Armor Aluminium

The phone and its hinge are reinforced with our tough Aluminium frame, which acts as a suit of armour.
