Galaxy Z Fold6

Camera	12MP (Ultra wide) + 50MP (Wide) + 10MP (Tele)
Display	Cover Screen 15.89cm Dynamic AMOLED 2x*, Unfolded 19.32cm Dynamic AMOLED 2x**
Memory	12GB RAM with up to 1TB storage^
Processor	Snapdragon 8 Gen 3 (4 nm)^^
Battery	4400mAh##

Silver Shadow | Navy | Pink

Image simulated and for representational purposes only. *Measured diagonally, the cover screen size is 15.89cm in a full rectangle and 15.81cm accounting for the rounded corners. The actual viewable area is smaller due to the rounded corners and camera hole. **Measured diagonally, Galaxy Z Fold6 main screen size is 19.32cm in the full rectangle and 19.25cm accounting for the rounded corners; actual viewable area is less due to the rounded corners. Color may vary subject to availability. ^Actual internal storage may vary. ^^Snapdragon is a trademark/ registered trademark of Qualcomm Technologies Inc. and/or its subsidiaries. ##Typical value is the estimated average value tested under third-party laboratory condition. Actual battery life may vary depending on network environment, usage patterns and other factors. The battery samples tested under IEC 61960 standard. Rated (minimum) capacity is 4273mAh.

Galaxy AI is here

Put **PC-like power** in your pocket with Galaxy Z Fold6. More powerful than ever with its super-slim, productive screen. Now super-charged with **Galaxy AI** on foldables.

Image simulated and for representational purposes only. Color may vary subject to availability. Actual may vary. A Samsung account login may be required for certain AI features. Samsung promotes responsible use of Artificial Intelligence (AI) features.

Galaxy AI ✨ is here on Galaxy Foldables

1 Interpreter

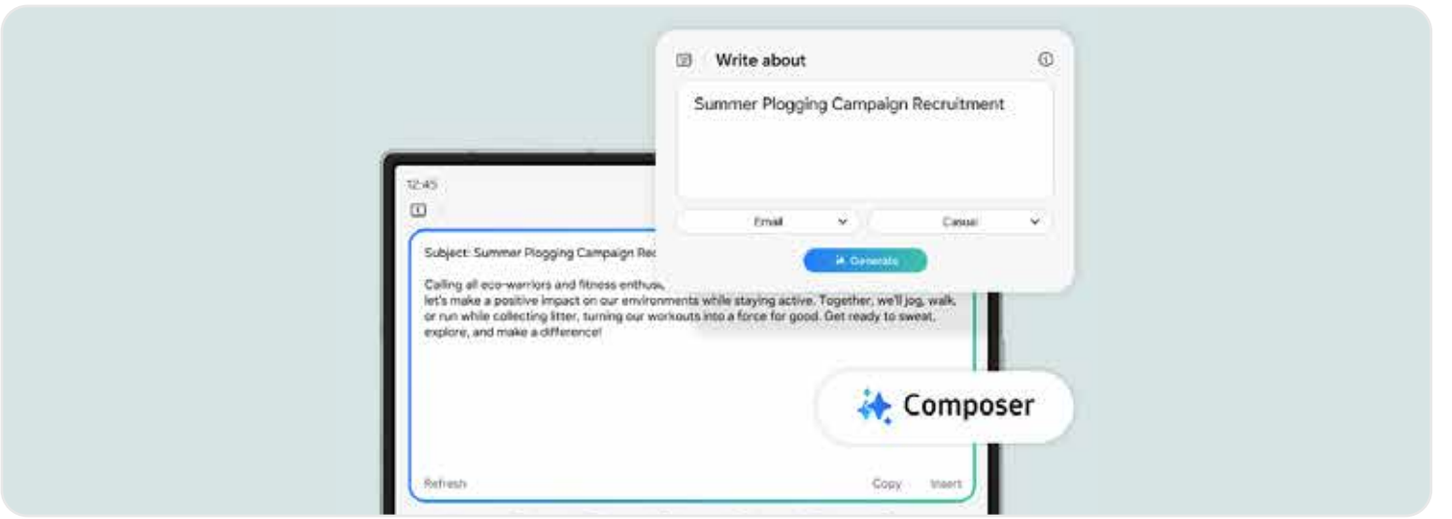

Your ultimate interpreter[1] experience with dual screens[2]

Traveling and need to talk with the locals? Interpreter **translates on the spot** whether you're expressing yourself, or listening to a global conference in a foreign language or to a tour guide.

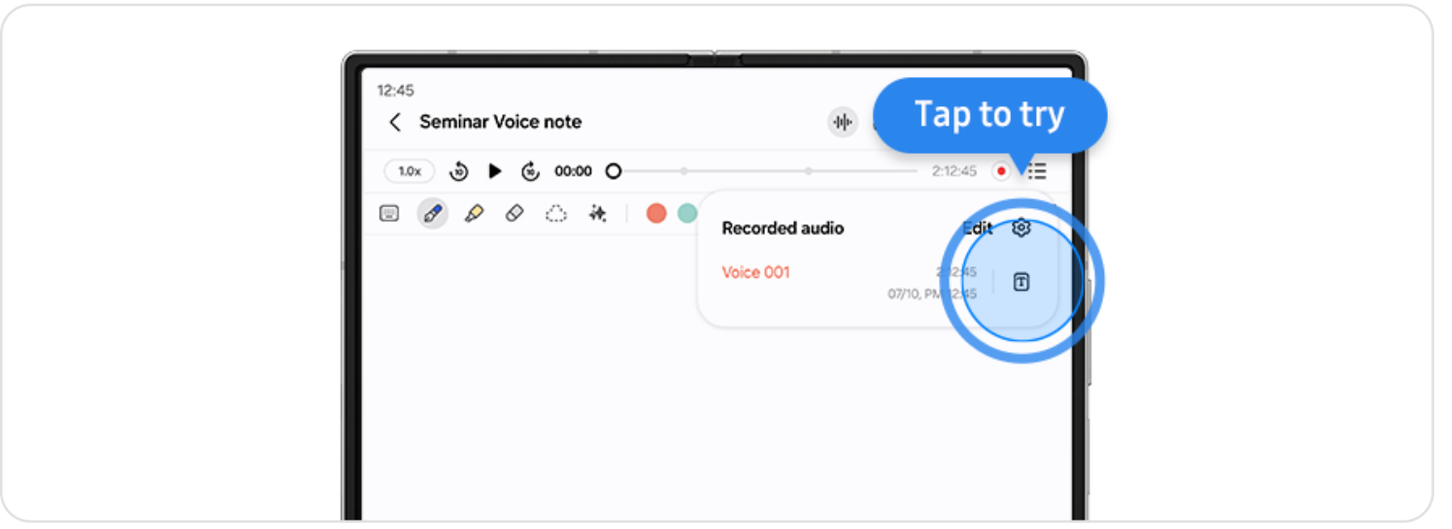

Image simulated and for representational purposes only. A Samsung account login may be required for certain AI features. Samsung promotes responsible use of Artificial Intelligence (AI) features. [1]Interpreter feature requires Samsung account login. Certain languages may require language pack download. Service availability may vary by language. Accuracy of results is not guaranteed. Availability and supported features may vary by country, region or carrier. Availability of supported languages may vary. [2]Dual screens are available in Conversation Mode only.

2 Chat assist[3]

Communicate effortlessly with Chat Assist. Quickly draft emails, messages, or outlines by typing a few words, and let Galaxy AI generate sentences or paragraphs in your desired tone and format. Achieve **full productivity** without any hassle.

3 Note assist

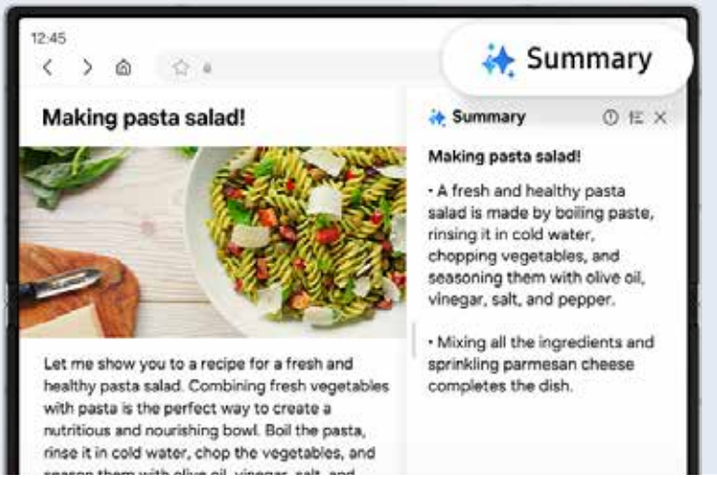

The easiest way to summarize notes on Samsung Foldables

Get lecture notes in just a few taps — even as you multitask. Note Assist transcribes **recordings** and **organizes** them into notes, producing efficient **summaries.**[4] For everything else there's S Pen[5], ready to work wonders on the sweeping screen.

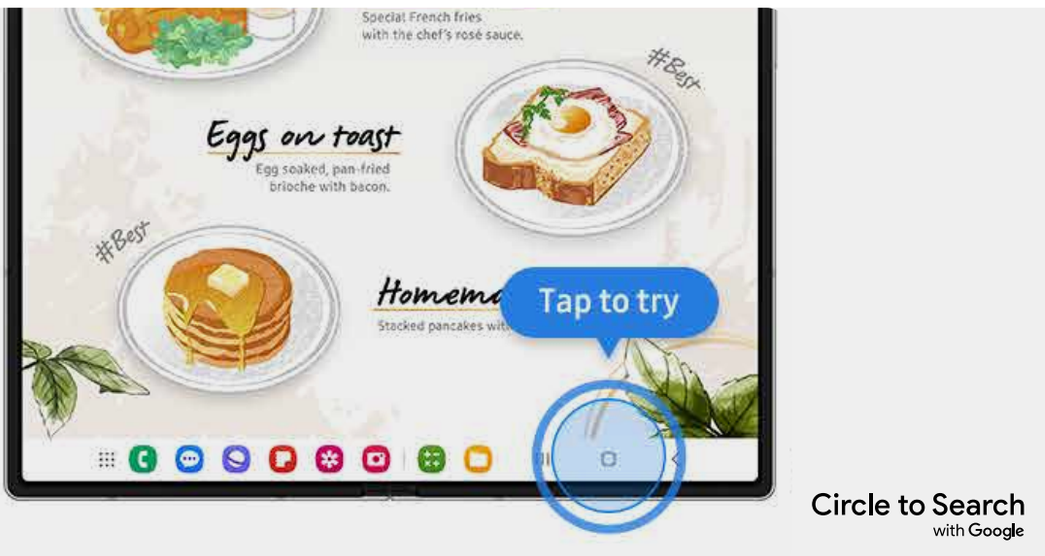

Image simulated and for representational purposes only. [3]Composer feature for Chat Assist requires a network connection and Samsung account login. This feature is activated when a certain number of characters is met. Service availability may vary by language. Accuracy of results is not guaranteed. [4]Summary feature for Note Assist requires a network connection and Samsung account login. Service availability may vary by language. Summary feature for Note Assist is activated when a certain number of characters is met and is under the character limit. Voice recording feature for Note Assist may not be supported in some countries. Audio files must be under 3 hours in duration to be processed. Accuracy of results is not guaranteed. [5]Galaxy Z Fold6 does not have a built-in slot for the S Pen. S Pen Fold edition sold separately. Use an S Pen that is designed for Galaxy Z Fold. S Pen Fold Edition is compatible for Galaxy Z Fold5 and Z Fold6. All other S Pens or stylus pens may damage the screen. S Pen Fold edition support is limited to the Main Screen. Accuracy of results is not guaranteed. A Samsung account login may be required for certain AI features. Samsung promotes responsible use of Artificial Intelligence (AI) features.

4 Browsing assist[6]

Find a website that you need to understand quickly?
Galaxy AI **summarizes** entire websites in a flash.

5 Circle to Search

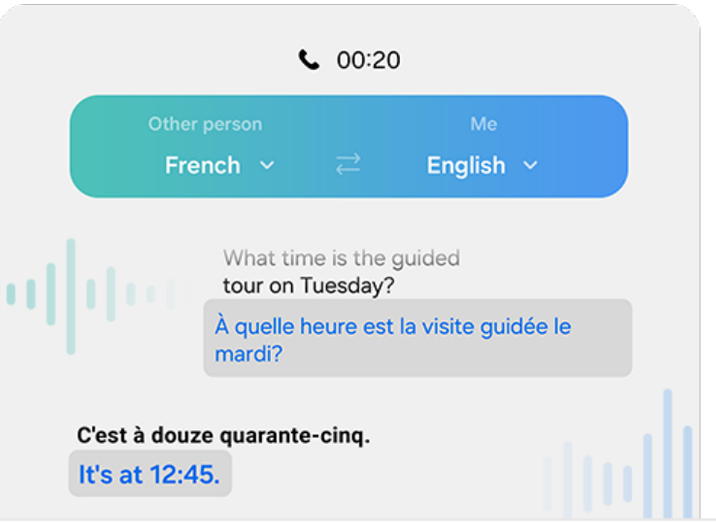

Circle to search[7] on the big screen

It's an efficient way to **search** on a smartphone — just **make a circle** with your finger or the S Pen[8]**.** Boost your **productivity** on the massive fold-out screen.

Image simulated and for representational purposes only. [6]Summary feature for Browsing Assist requires a network connection and Samsung account login. Service availability may vary by language. Service may have limited functionality or unavailable on certain paid websites. Character limit applies. Accuracy of results is not guaranteed. [7]Circle to Search results may vary depending on visual matches. Google is a trademark/registered trademark of Google LLC. Compatible devices and internet connection required. Works on compatible apps and surfaces. Results may vary depending on visual matches. Users may need to update Android to the latest version. Product functionality may be dependent on your app and device settings. Some functions may not be compatible with certain apps. Availability of the service varies by country and language. Accuracy of results is not guaranteed. [8]Galaxy Z Fold6 does not have a built-in slot for the S Pen. S Pen Fold edition sold separately. Use an S Pen that is designed for Galaxy Z Fold. S Pen Fold Edition is compatible for Galaxy Z Fold5 and Z Fold6. All other S Pens or stylus pens may damage the screen. S Pen Fold edition support is limited to the Main Screen. Accuracy of results is not guaranteed. A Samsung account login may be required for certain AI features. Samsung promotes responsible use of Artificial Intelligence (AI) features.

6 Call assist[9]

Borderless phone calls

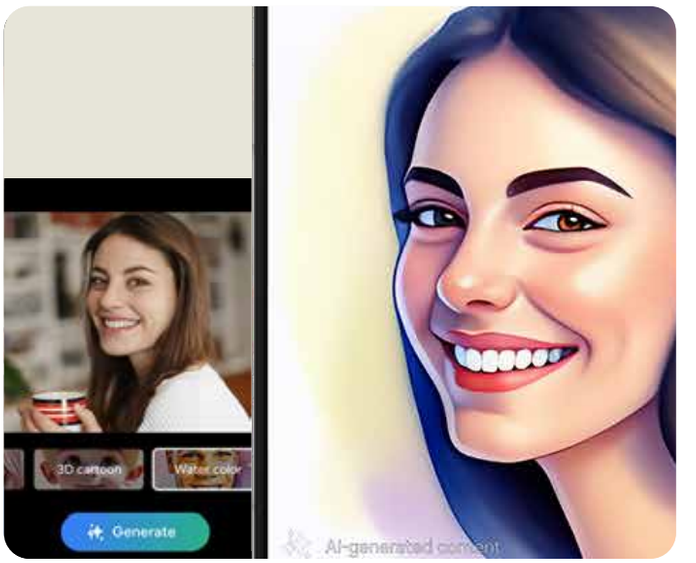

Translate phone conversations instantly. Perfect for real-time voice translation on various apps, especially when you're making calls that involve two languages.

7 Photo assist

Effortless editing. Courtesy of Galaxy AI

The object-aware engine lets you edit photos to your heart's content. With Photo Assist, just hold your finger down on an object **to move, erase or enlarge** it; **adjust angles or fill backgrounds** just as easily.[10]

Portrait Studio[11]

Let **AI** ignite your imagination with Portrait Studio. Self portraits **instantly turn** into incredible **work of art.**

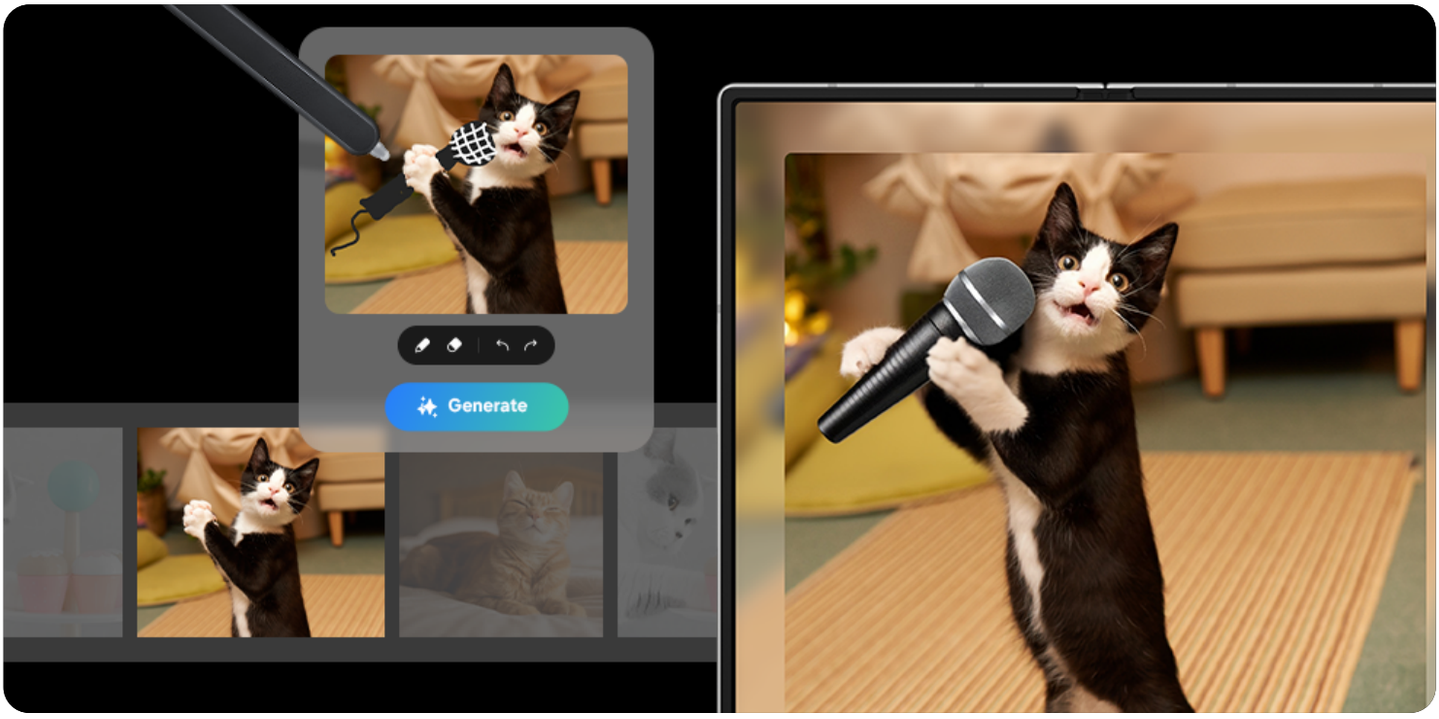

Image simulated and for representational purposes only. [9]Call assist feature requires network connection to receive call messages. It can translate without network connection once the call messages are received by the device. Samsung account login required. Call assist feature is only available on pre-installed Samsung Phone apps and some third-party apps. Service availability may vary by language or region. Certain languages may require language pack download. Accuracy of results is not guaranteed. [10]Generative Edit feature for Photo Assist requires a network connection and Samsung account login. Editing with Generative Edit may result in a resized photo up to 12MP. A visible watermark is overlaid on the image output upon saving in order to indicate that the image is generated by AI. The accuracy and reliability of the generated output is not guaranteed. [11]Portrait Studio feature for Photo Assist requires a network connection and Samsung account login. Editing with Portrait Studio results in a resized photo up to 9MP. A visible watermark is overlaid on the image output upon saving in order to indicate that the image is generated by AI. The accuracy and reliability of the generated output is not guaranteed. A Samsung account login may be required for certain AI features. Samsung promotes responsible use of Artificial Intelligence (AI) features.

Instant Slow-mo[12]

Instant Slow-mo lets you focus on key moments by selectively applying **slow motion** to a video, and **sharing** or saving the clip.

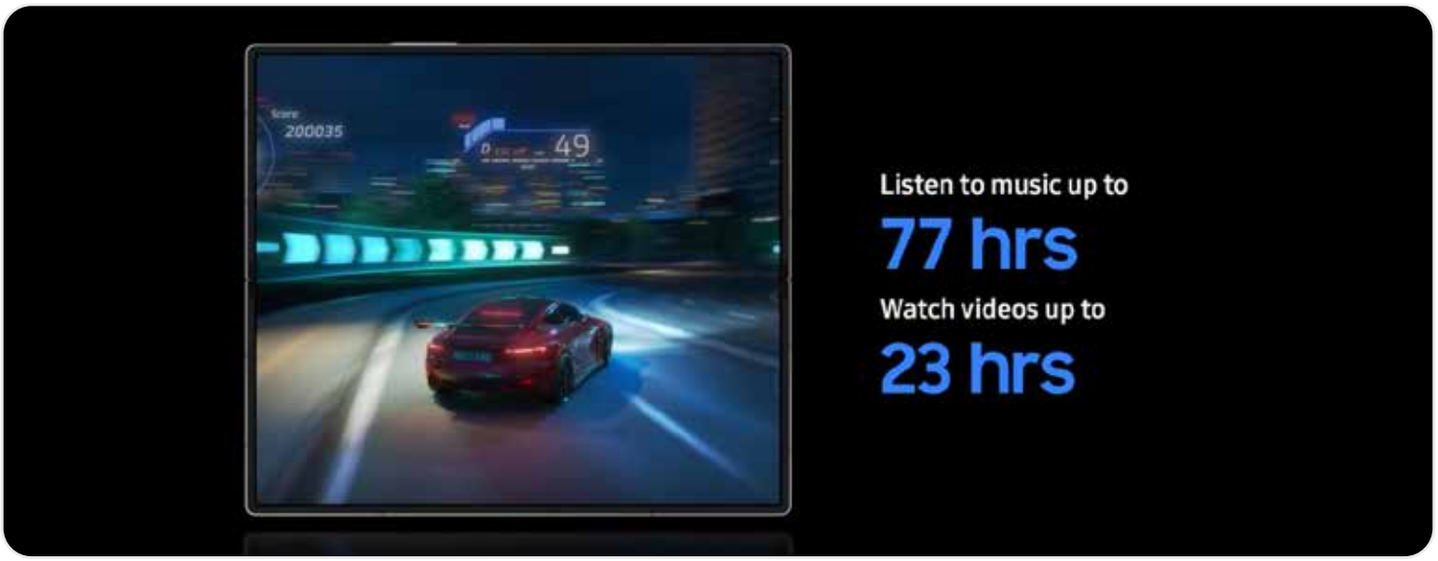

8 Drawing assist[13]

Draw from scratch or on any photo. Use AI to transform that **sketch** into an image.

Image simulated and for representational purposes only. [12]Instant Slow-mo feature for Photo Assist is available on Samsung Video Player and Samsung Gallery. May not be available on certain video file types. Accuracy of results not guaranteed. [13]Drawing assist feature requires a network connection and Samsung account login. Editing with drawing assist may result in a resized photo up to 12MP. A visible watermark is overlaid on the image output upon saving in order to indicate that the image is generated by AI. The accuracy and reliability of the generated output is not guaranteed. A Samsung account login may be required for certain AI features. Samsung promotes responsible use of Artificial Intelligence (AI) features.

9 Game harder. Game longer.

Our most immersive smartphone gaming[15]

Our battery ensures all-day enjoyment. It's not just a massive battery, but also leverages a more efficient display[16]. Fold open a mobile gaming beast with a **massive screen** made better with the Vision Booster's powerful **brightness and clarity** even in broad daylight.[17,18] Game on.

10 Durable. Reliable. Built to last.

Engineered for endurance

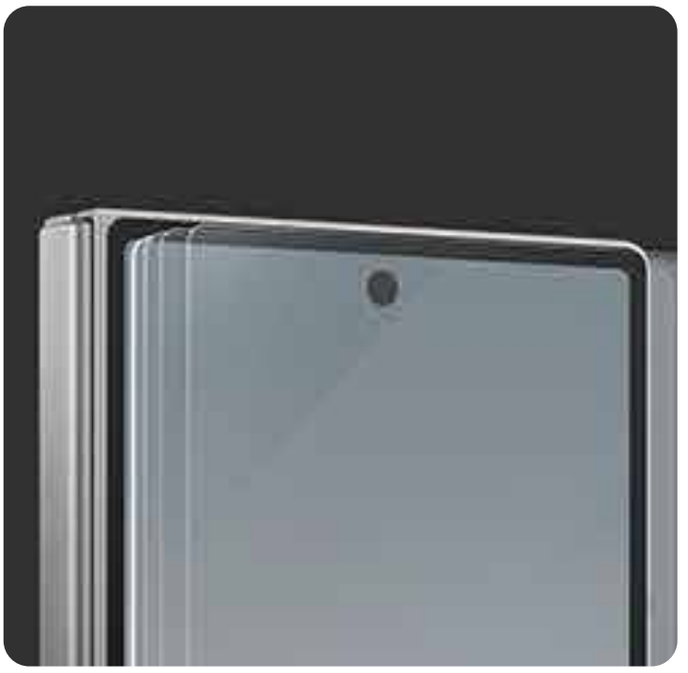

Meet our slim and innovative **FlexHinge.**

Shielded in aluminum

Enhanced **Armor Aluminum** keeps you protected.[19,20]

Image simulated and for representational purposes only. [14]Based on Samsung internal lab test conditions with pre-release version of given model connected to earphone via Bluetooth under default settings over LTE. Estimated against battery capacity and measured current over battery power consumption during video playback (video file resolution 720p, saved on device) and audio playback (mp3 file, 192kbps, saved on device with LCD display turned off), respectively. Actual video and audio playback times vary by network connection, settings, file format, screen brightness, battery condition and many other factors. Estimated against the average usage profile compiled and independently assessed by UX Connect Research under default settings using LTE and 5G Sub6 networks. Actual battery life may vary by network environment, features and apps used, frequency of calls and messages, the number of times charged, and many other factors. [15]Limited to Samsung smartphones. [16]Compared to previous models of Galaxy Z Fold. [17]Galaxy Z Fold6 has a peak brightness of 2600 nits on both the Main Screen and Cover Screen. The displays are adaptive, adjusting brightness level automatically based on the environment. In an area of 5000 lux or higher, High Brightness Mode and Vision Booster will be activated. [18]Compared to Galaxy Z Fold5. [19]Compared to previous models. [20]Armor Aluminum Frame does not include volume and side keys or SIM tray.

Truly tough

Strong protection with Corning® Gorilla® Glass Victus® 2.[21] **IP48 water-resistance[22]** for those unexpected spills.

Samsung Care+

Samsung Care+

Certified care by Samsung experts.[23]

11 Sleek. Slim. Vibrant.

The Galaxy Z Fold6 sets a new standard in lightweight[24] design, weighing just 239gm compared to its predecessor's 253gm. This reduction makes it even easier to carry, handle, and use throughout your day, enhancing both comfort and portability.

Image simulated and for representational purposes only. [21]Corning® Gorilla® Glass Victus® 2 is applied to the front and rear of the device. Corning®, Gorilla® and Glass Victus® are trademarks/registered trademarks of Corning Incorporation. [22]Based on lab test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach or pool use. Water resistance of device is not permanent and may diminish over time because of normal wear and tear. Not dust- or sand-resistant. [23]Samsung Care+ coverage, service type and promotion details may vary by country/region and deductible (service fee) may apply. To be eligible for Samsung Care+ promotion benefit, registration may be required. For detailed Samsung Care+ information, please visit https://www.samsung.com/samsung-care-plus/. [24]Compared to previous Galaxy Z Fold models.

The Galaxy Z Fold6 boasts a sleek design at just 0.56cm, significantly slimmer[25] than its predecessor's 0.61cm. This ultra-thin profile enhances its portability, making it easier to slip into pockets and bags while maintaining a stylish, modern look.

Colorful. Confident. Wonderful
Colors as bold as you. Be confident, and be a true standout with one of the **special edition colors.**[26]

Image simulated and for representational purposes only. [25]Thickness measured from top to bottom of the glass when unfolded. [26]Color availability may vary depending on country or carrier.

12 Stunning clarity. Unmatched details. Powered by Galaxy AI

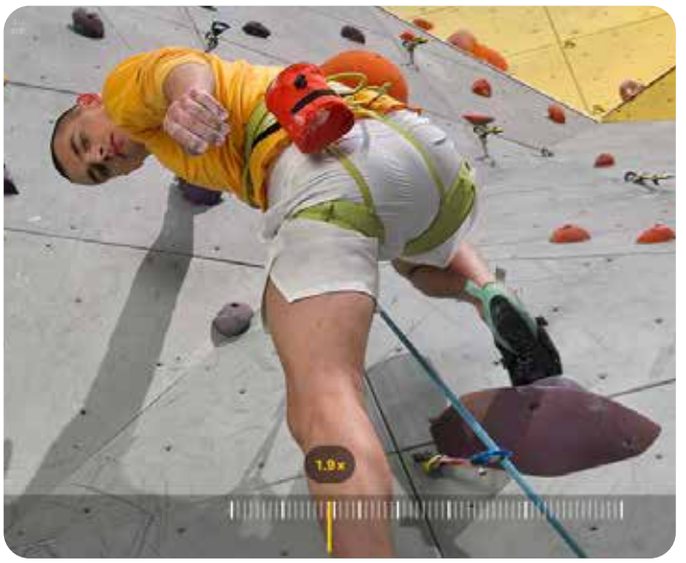

Turn Pro. ProVisual Engine

Meet Fold's most powerful camera system yet.[27] Topped with an upgraded **NPU**, mind-blowing specs and **ProVisual Engine**, it'll transform your multimedia experience.

Extremely detail-oriented

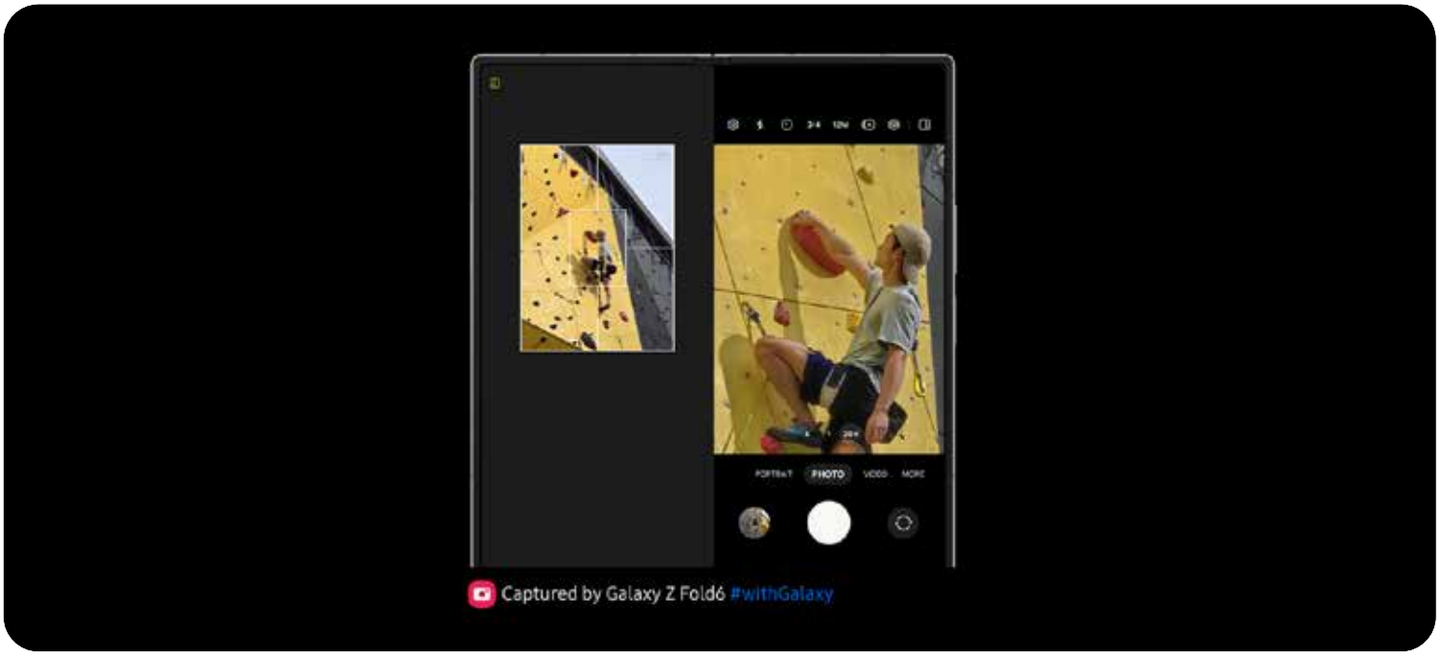

With our high-resolution, **50MP** camera, witness every detail come to life with stunning **clarity** and **vibrancy.**

Crystal-clear zoom. Powered by AI

Zoom way, way, way in while keeping noise down and resolution clear with **ProVisual Engine[28].** Its sharp analysis of the zoomed-in region enhances your shot dramatically[29].

Image simulated and for representational purposes only. A Samsung account login may be required for certain AI features. Samsung promotes responsible use of Artificial Intelligence (AI) features. [27]Limited to Samsung foldable smartphones. [28]AI Zoom is applied to distances between digital zoom lengths. Accuracy of results is not guaranteed. Results may vary depending upon light or shooting conditions. [29]Image may be distorted.

Zoom Map

Use the **Zoom Map** to get your bearings when you're zoomed in; it'll make navigation a breeze[30].

Brighten things up with Super HDR

See it, believe it. Super HDR puts the right emphasis on details to **pop and impress**, even before you take the picture.

Image simulated and for representational purposes only. A Samsung account login may be required for certain AI features. Samsung promotes responsible use of Artificial Intelligence (AI) features. Accuracy of results is not guaranteed. Availability and supported features may vary by country, region or carrier. [30]The Zoom Map feature activates from 20x zoom and over. Image may be distorted.

13 Future-Proof Your Galaxy Z Fold6

Keep your Galaxy Z Fold6 secure and up-to-date with 7 generations of OS upgrades[31] and 7 years of security updates. Enjoy the latest features and peace of mind, knowing your device will stay relevant for years to come.

14 Why switch to the Galaxy

Simple switching from iOS

Switching from **iOS** is so **easy!** Thanks to Smart Switch, you can transfer your photos, videos, contacts and apps effortlessly.[32,33,34]

Seamless sharing

Send files, data and content between devices, **including iOS and PCs.** It's a quick and secure way to openly share.[35]

Your privacy. Secured.

In **Privacy and Security,** quickly see which apps are accessing your information, then customize your settings. Plus, with Advanced Intelligence features, you can process data for AI services from your Galaxy device or on the cloud.

Image simulated and for representational purposes only. A Samsung account login may be required for certain AI features. Samsung promotes responsible use of Artificial Intelligence (AI) features. Accuracy of results is not guaranteed. Availability and supported features may vary by country, region or carrier. iOS is a trademark/registered tradmark of Apple Inc. [31]The OS upgrade and security update policies specified above are subject to change. Availability and timing of One UI upgrades and features may vary by device model and timing of Android OS upgrades. [32]Wired transfers from Android™ devices require the receiving device to have Android™ 4.3 or later and the sending device to have Android 4.3™ or later. Transfers can be completed without a cable through a wireless connection. For wireless connections, the receiving device must have Android™ 4.0 or later and the sending device must have Android™ 4.0 or later. Open Smart Switch Mobile in "Settings" on the receiving Galaxy device or download the Smart Switch Mobile app from the Galaxy Store. Data, content and apps available for transfer may vary by transmission method. [33]Wired transfers from iOS require the receiving device to have Android™ 4.3 or later and the sending device to have iOS 5 or later. Transfers can be completed without a cable through a wireless connection or iCloud. For wireless connections, the receiving device must have Android™ 4.0 or later and the sending device must have iOS 12 or later. iCloud transfers require the receiving device to have Android™ 4.0 or later and the sending device to have iOS 5 or later. Open Smart Switch Mobile in "Settings" on the receiving Galaxy device or download the Smart Switch Mobile app from the Galaxy Store. For wireless transfers, download Smart Switch for iOS from the App Store on your iPhone or iPad. Data, content and apps available for transfer may vary by transmission method. Contacts, gallery, videos, calendars and reminders can be transferred wirelessly from an iOS device. [34]It is recommended to use a wired connection when transferring diverse sets of data at once. [35]Quick Share feature between Galaxy devices available with the following OS: smartphones and tablets with Android OS version 10.0 (Q) and One UI 2.1 or above, PCs running Windows 10 or later. Requires Samsung account and Wi-Fi and Bluetooth connection. Quick Share to iOS and Android devices available by sending shared link: individual files shared cannot exceed 5GB (for a total of 5GB per day) and link will expire after two days; requires a Samsung account and internet connection.
